

Our Mission -

is to provide recreational opportunities, maintain sites that enhance our quality of life, and preserve the natural and recreational resources of the District.

Where FUN Happens!

Community funded recreational and activity programs for all ages, reflecting our northwest lifestyle and spirit for living.

 & Much More!!!!

What do we all have in common? A love of the natural beauty and recreational resources of this northwest corner of Whatcom County. This is a great place to live and play.

In 2010, the Blaine-Birch Bay Park and Recreation District renovated a gymnasium at Bay Horizon Park which is home to many group fitness classes, kids activities and recreational games such as pickleball, basketball, volleyball and more!

The Blaine - Birch Bay community places a high value on quality parks and recreation programs and services. The District organizes instructors and citizens who work with the community to plan and conduct programs for citizens of all ages. Park and recreation facilities, trails and water use areas have been developed and are heavily used by local citizens as well as visitors.
