

BBBPRD2 Updated Indoor Pickleball Guidelines

Thank you for your interest in playing pickleball at the Birch Bay Activity Center!

With the changing weather and changing COVID-19 developments we have found it necessary to update our indoor pickleball guidelines to accommodate pickleball playtime demand

- We are now allowing both indoor pickleball courts to be played on per each time segment
- Play times are for 1.5 hour segments
- You must register every person in your group to play (a maximum of 5 players is allowed per indoor court)
- Maximum of 10 players in the gym per time segment
We strongly recommend you play only with the group you registered to play with
- Groups are allowed to register up to 3 times a week at the same time segment
- Groups of more than 5 people, or those uncomfortable sharing the gym with people outside of their group, may rent the gym to play for a rate of \$25 per time segment
- Play times not during office hours will also now be at a rate of \$25 per time segment

(Maximum of 10 people in the gym at a time still applies to gym rentals)

*These guidelines are subject to change as COVID-19 guidelines change and as Blaine-Birch Bay Park and Recreation District sees fit

We welcome your feedback! Please email Heidi Holmes, Program Manager, at info@bbbprd2.com with any questions, concerns or feedback regarding these guidelines.

Thank you for playing pickleball at the Birch Bay Activity Center, we look forward to seeing you again!
